Field Calls

REDBILL can draw from its established network of licensed agents to conduct debt related fields calls which are an effective tool for debt recovery.

Mercantile Enquiry against the Debtor

RED BILL can also conduct a mercantile enquiry on debtors through Veda Advantage. Mercantile Enquiries provide crucial information such as debtor background and whether the debtor owes other people any money. Such information can be critical in determining process of recovery.

A mercantile enquiry may also Impact the debtors ability to obtain credit in the future. The Debtor's credit profile will list RED BILL's mercantile enquiry, which will be held on the debtor's file for 5 years.

Debt Recovery – International Collections

As RED BILL has affiliated agents in over 20 countries, we are in the unique position to be able to provide an effective International Collection Service.
